<<最后的审判/Last Testament>>

内容概要

The new, brilliantly high-concept religious conspiracy-theory thriller from the author of 'The Righteous Men', set against the backdrop of the world's bitterest conflict. April 2003: as the Baghdad Museum of Antiquities is looted, a teenage Iraqi boy finds an ancient clay tablet in a long-forgotten vault. He takes it and runs off into the night! Several years later, at a peace rally in Jerusalem, the Israeli prime minister is about to sign a historic deal with the Palestinians. A man approaches from the crowd and seems to reach for a gun -- bodyguards shoot him dead. But in his hand was a note, one he wanted to hand to the prime minister. The shooting sparks a series of tit-for-tat killings which could derail the peace accord. Washington sends for trouble-shooter and peace negotiator Maggie Costello, after she thought she had quit the job for good. She follows a trail that takes her from Jewish settlements on the West Bank to Palestinian refugee camps, where she discovers the latest deaths are not random but have a distinct pattern. All the dead men are archaeologists and historians -- those who know the buried secrets of the ancient past. Menaced by fanatics and violent extremists on all sides, Costello is soon plunged into high-stakes international politics, the worldwide underground trade in stolen antiquities and a last, unsolved riddle of the Bible.
