<<Tiger ' s Child老虎的孩>>

内容概要

Book Description

Sheila was a deeply disturbed six-year-old when she came into Torey Hayden ' s life — a story poignantly chronicled in *One Child* . Over the course of five remarkable months, this dedicated special-education teacher profoundly touched the life of this abandoned, abused little girl. Then Torey lost touch with the child she had helped to free from a hellish inner prison of rage and silence. But seven years later, Sheila was back, now a gangly teenager with bright orange hair — no longer broken and lost, but still troubled and searching for answers. This marked a new and extraordinary chapter in a story of dedication and caring — one that would test the strength and heart of both Sheila and her one-time teacher. Torey would once again answer the call to help Sheila, this time guiding her through a difficult yet glorious transition into young womanhood.
