## 内容概要

He's just a regular guinea pig with a fondness for "Fruity-Nut Buffet"--and dreams of the big time. Now he's leaving the only home he's ever known and heading for the coast. Stardom awaits him--but is it all he hoped it would be? Denise Brunkus and Deborah Blumenthal are proud to present a new star who's ready for his close-up. Charlie's debut is what Hollywood hits are made of--humor, adventure, and a good dose of love.
