<<(肯尼迪夫人传) ELOQUENT J>>

内容概要

Jacqueline Kennedy Onassis had been a great lover of literature since childhood, a journalist even before she was a first lady, and a book editor in her later years. Called upon by circumstance, fate, and the media to give expression to some of life's most profound emotions in words and actions, her eloquence deepened with life experience. Through this eloquence she not only provided the world with a unique window into a period of history, she also left a remarkable legacy of wisdom. This comprehensive book of quotations and the accompanying award-winning film documentary about her life tell Jackie's story in her own words, serving as the autobiography she professed she'd never write. As her own words prove well, Jacqueline Kennedy Onassis could be at times funny, buoyant, candid, irreverent, and of course poignant, too. This collection of quotes shares her thoughts on marriage, family, political life and ambition, publicity, privacy, and more as she confided them to intimate friends, family, and interviewers alike. Memories of her childhood, her love for Jack, her children and grandchildren, the Kennedys, her often misunderstood marriage to Aristotle Onassis, her years as a widow, and her later companionship with Maurice Tempelman are all represented here, as are some rather remarkable correspondences with the Johnsons, the Nixons, and the Khrushchevs.
