内容概要

SuperTots is a fun, three-level course for very young children learning English for the first time. In this series, children use their imagination and creativity as they become involved with the ongoing characters in SuperTots. A range of activities that engage their minds, bodies, and emotions will also help with their intellectual and social development.

- * at least one page for every lesson to reinforce language learned in class
- * designed to develop cognitive, fine motor, pre-reading, and pre-writing skills
- * packed with activities young children love to do just for fun
- * optional culture craft pages for hands-on projects
