## <<理想化设计 IDEALIZED DES>>

### 内容概要

What's the best way to drive fundamental, transformative change within your organization? Envision your ideal solution: then, work backwards to where you are. It's called idealized design, and -- as executives in hundreds of organizations will testify -- it's one of the most powerful techniques you'll ever use. Authored by its legendary creator, Wharton Professor Emeritus Russell Ackoff, and leading practitioner Jason Magidson, Idealized Design covers every facet of this breakthrough methodology. You'll learn the fundamental differences between idealized design and traditional process re-engineering, and understand how idealized design eliminates many conventional obstacles to change. Start-to-finish techniques and examples drawn from hundreds of companies, non-profits, and government organizations will show you how to use idealized design to solve your own crisis of tomorrow...today.

<<理想化设计 IDEALIZED DES>>

书籍目录

FOREWORD BY RAY STATA  
PREFACE  
INTRODUCTION: THE BIRTH OF AN IDEAL  
PART I IDEALIZED DESIGN: THE BASICS  
CHAPTER 1 THE STAGES OF IDEALIZED DESIGN The Evolution of Idealized Design The Process of Idealized Design Idealization Realization Constraints and Requirement Anticipating the Future Effects of Idealized Design Promotes Understanding Transforms Designers' Concept of Feasibility Simplifies the Planning Process Enhances Creativity Facilitates Implementation Idealized Design at General Motors Idealization Realization The Outcome Summary  
CHAPTER 2 ORGANIZING THE PROCESS Who Should Be Involved? Frequency and Duration of Design Sessions Facilitators Recording the Sessions Procedural Rules Constrained and Unconstrained Designs Consensus Design Conference Facilities and Equipment Summary  
CHAPTER 3 PREPARING FOR AN IDEALIZED DESIGN PROCESS Formulating the Mess The Mess-Formulating Team Presentation of the Mess Preparing a Mission Statement Specifying the Properties Desired in the Design Summary  
PART II IDEALIZED DESIGN: APPLICATIONS - THE PROCESS IN ACTION  
CHAPTER 4 BUSINESS ENTERPRISES Common Content of Designs Repetitive Design Features The Internal Political System .....  
CHAPTER 5 NOT-FOR-PROFIT AND GOVERNMENT ORGANIZATIONS  
CHAPTER 6 PROCESS IMPROVEMENT  
CHAPTER 7 PROBLEM DISSOLVING  
CHAPTER 8 FACILITIES AND SITES DESIGN  
CHAPTER 9 TAKE THE PLUNGE
