<<心理学字典The Penguin Dict>>

内容概要

This authoritative and wide-ranging reference work has been thoroughly revised to include the latest definitions used in psychology, psychiatry, and related fields. It now features 17,000 entries along with sections that explore the latest developments in neuroscience and social psychology. A first rate reference book, The Penguin Dictionary of Psychology will continue to prove invaluable to students, professionals, and the interested general reader

作者简介

Arthur S. Reber is professor of psychology at Brooklyn College and the Graduate Center of the City University of New York. He has published papers in cognitive psychology, the psychology of language, and developmental psychology.
