<<博弈 The Game>>

内容概要

Grade 5 – 8—What if just outside of Earth's known atmosphere there sat another layer that was actually a different dimension? Such is the premise for this novel. For as long as she can remember, orphan Hayley has lived sequestered away with her strict grandmother and mysteriously busy grandfather. A chance meeting on an outing lands her in big trouble and she finds herself shipped off to stay with relatives in the country. Here Hayley meets dozens of cousins who invite her to play a strange game. Its object is to go to different places in the mythosphere and retrieve various items while dodging mythological creatures. The plot thickens when she meets her father and learns that he and her mother are both trapped in the mythosphere as punishment for their illicit marriage. Hayley frees them and discovers that she, like all of the other characters in the story, is really a mythological figure who can live in either realm. Meanwhile, the frightening family patriarch, Uncle Jolyon, finds out about the game and comes after the girl, her parents, and her cousins. As he prepares to punish them all, Hayley pierces his chest with a star, causing him to transform into the planet Jupiter. While the beginning parallels *The Lion, the Witch, and the Wardrobe*, the story takes off on its own midway through. There is a whole lot of plot for such a little novel, and readers unfamiliar with mythology won't fully appreciate it.—Nicki Clausen-Grace, Carillon Elementary School, Oviedo, FL

作者简介： Diana Wynne Jones, was born in London, England. At the age of eight, she suddenly knew she was going to be a writer, although she was too dyslexic to start until she reached age twelve. There were very few books for children in the house, so Diana wrote stories for herself and her two younger sisters. She received her B.A. at St. Anne's College in Oxford before she began to write full-time. Her many remarkable novels include the award-winning *Archer's Goon*, *Howl's Moving Castle* (made into a major animated feature by Japanese director Hayao Miyazaki), *F/re and Hemlock*, the *Dalemark Quartet*, *The Tough Guide to Fantasyland* (also available from Firebird), *Dark Lord of Derkhobn*, *Year of the Griffin*, *The Merlin Conspiracy*, and the *Chrestomanci* books, *Charmed Life*, *Witch Week*, *The Lives of Christopher Chant*, *The Magicians of Caprona*, *Conrad's Fate*, and her most recent novel, *The Pinhoe Egg*. Diana Wynne Jones lives with her husband, the medievalist J. A. Burrow, in Bristol, England, the setting of many of her books. They have three grown sons and five grandchildren.
