<<临床眼科学图谱>>

内容概要

"A definite visual feast, this book is a prize for any bookshelf." (American Journal of Ophthalmology, review of the last edition) The 3rd Edition of this critically acclaimed source offers unparalleled visual guidance on state-of-the-art ocular diagnostic imaging, pathology, and surgery. More than 3,400 outstanding photographs and line drawings (over 1,800 in full color) richly capture a full range of common and uncommon eye disorders and the methods used to treat them. And, a bonus CD enables users to incorporate all of the book's images into electronic presentations.
