## <<Cracking the LSAT wi>>

### 内容概要

Taken by nearly 150,000 students each year, the LSAT is considered to be one of the most difficult standardized exams-- but the experts at The Princeton Review have cracked it using their proven techniques! Cracking the LSAT with Sample Tests on CD-ROM helps students boost their scores to become more competitive candidates at the nation's top law schools.

If It's on the LSAT, It's in This Book

The Princeton Review realizes that acing the LSAT is very different from getting straight A's in school. We don't try to teach you everything there is to know about reading comprehension or analytic thinking--only the techniques you'll need to score higher on the exam. There's a big difference. In Cracking the LSAT, we'll teach you how to think like the test writers and

- Eliminate answer choices that look right but are planted to fool you
- Master the 7 principles of LSAT test taking that you can't do without
- Nail even the toughest question types across Arguments, Reading Comprehension, and Games
- Practice online with full-length LSAT exams and instant scoring analysis

The CD-ROM edition features 2 full-length exams in the book and 4 additional full-length exams on disk. All of our practice test questions are like the ones you'll see on the actual LSAT, and we fully explain every solution. Book buyers also gain exclusive and FREE online access to extra practice tests, drills, the latest changes in the exam, and information regarding law school admissions.
