<<OPM 富爸爸顾问>>

内容概要

Cash flow is the foundation of every successful business, but investors do not have to start with their own money to build a business. Money can be made by acquiring an asset, turning an idea into a fortune, or building a business, using other peoples money OPM. This book will discuss different forms of OPM, how to find OPM, the consequences of using OPM, and the legal aspects and pitfalls of trying to access OPM.
