## 内容概要

A compact guide to the social networking sensation sweeping the world MySpace.com is one of the most popular social networking sites on the Internet today with more than 75 million registered users. Provides tips, secrets, and tricks to creating and personalising a MySpace profile. Offers straightforward descriptions, step-by-step instructions, and full-colour screen shots. Includes vital information and safety precautions for parents to keep their children safe from online predators. The all-fact, no fluff style is ideal for visual learners who want to get started right away. 作者简介： Paul McFedries ( Toronto, Ontario) is the president of Logophilia Limited, a technical writing company. Paul has written more than three dozen books that have sold more than two million copies worldwide. These books include Windows 98 Unleashed, The Unauthorized Guide to Windows Me, VBA for Office 2000 Unleashed, The Complete Idiot's Guide to Windows Me, and The Complete Idiot's Guide to Creating a Web Page. Paul encourages all readers to drop by his Web site, [www.mcfedries.com](http://www.mcfedries.com).
