内容概要

"A venerable tool makes the leap to cyberspace&#8212;it will have a prominent place on my virtual desktop."

&#8212; Culinary Instructor, Keiser University Center for Culinary Arts, Melbourne, FL

"The Book of Yields, Seventh Edition CD-ROM saves me a tremendous amount of time in the kitchen, from computing how much product to buy to ensuring the correct portion size -- no matter how many -- to teaching my students about the details of calculating costs and purchasing. I recommend it to culinary professionals who want to have more accurate costs and tighter controls on purchasing."

&#8212; Culinary Consultants, OR

"I have been working with the Book of Yields for several years. This seventh edition CD-ROM is a very useful tool for all chefs, culinary instructors, and students. It is invaluable for costing recipes."

&#8212; Department Chair, Polly's Hospitality Institute, GA --This text refers to the CD-ROM edition.
