<<危险化解与防备 Hazard Mi>>

内容概要

Where do you want to go? You might already be working in the emergency management field, and may be looking to expand your skills. You might be setting out on a new career path. Or, you might want to learn more about exciting opportunities in emergency management. Wherever you want to go, Hazard Mitigation and Preparedness will help you get there. Easy-to-read, practical, and up-to-date, this text not only helps you learn fundamental hazard mitigation concepts, it also helps you master the core competencies and skills you need to succeed in the classroom and beyond. The book 's brief, modular format and variety of built-in learning resources enable you to learn at your own pace and focus your studies. 作者简介： Anna K. Schwab is in the Department of City and Regional Planning at the University of North Carolina, Chapel Hill.
