## <<Katy and the Big Sno>>

### 内容概要

Katy, a strong and sturdy tractor, works for the Highway Department of the City of Geopolis. Katy works hard and takes pride in her work, whether she is bulldozing dirt in the summer or plowing snow in the winter. Unfortunately for Katy, Geopolis doesn't receive much snow. But one day a big blizzard blankets Geopolis and disrupts everyone's day-to-day activities and Katy is the only one who can help dig out the city and restore order.

## <<Katy and the Big Sno>>

### 作者简介

Virginia Lee Burton (1909-1968) was the talented author and illustrator of some of the most enduring books ever written for children. The winner of the 1942 Caldecott Medal for *THE LITTLE HOUSE*, Burton's books include heroes and happy endings, lively illustrations, and a dash of nostalgia. She lived with her two sons, Aristides and Michael, and her husband George Demetrios, the sculptor, in a section of Gloucester, Massachusetts, called Folly Cove. Here she taught a class in design and from it emerged the Folly Cove designers, a group of internationally known professional artisans. She is the author of many classic children's picture books, including *MIKE MULLIGAN AND HIS STEAM SHOVEL* and *KATY AND THE BIG SNOW*.
