## &lt;&lt;脊柱注射图谱&gt;&gt;

## 内容概要

This practical and highly accessible new atlas illustrates the most commonly performed radiographically directed diagnostic and therapeutic spinal procedures with more than 550 images. Each chapter follows the same consistent format beginning with a definition and review of the literature and progressing through the rationale for the procedure, the required equipment and supplies, and coverage of informed consent issues and patient selection to the how-tos of the procedure. The procedures are described with easy-to-follow tables. Skeletal radiographs demonstrating the pertinent anatomy on actual specimens are followed by multiple examples of both easy and challenging cases. Covers a wide range of procedures including epidural steroid injection · nerve root blocks · sacroiliac joint injections · facet joint procedures · discography · percutaneous needle biopsy · kyphoplasty and vertebroplasty · intradiscal electrothermal annuloplasty (IDET) and myelography. Offers clear photographs of injection sites to ensure proper needle placement Addresses commonly encountered pitfalls and complications, concerns not addressed in other texts. Shows how to determine which back structure is generating pain and which injection site will provide relief. Discusses procedures based on carefully analyzed utility of state-of-the-art-techniques in actual clinical practice Presents an extensive review of the literature and discusses the theoretical background and assumptions related to scientific and technical methodology.

书籍目录

CHAPTER 1 Review of Spine Pain DONALD L RENFREW Definitions Theories of Causation Imaging Abnormalities Treatment Assumptions of Diagnostic and Therapeutic Inj The Rhetoric of Back Pain

CHAPTER 2 Epidural Steroid Injection DONALD L.RENFREW Definition Literature Review Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

CHAPTER 3 Nerve Root Blocks DONALD L.RENFREW Definition Literature Review Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

CHAPTER 4 Sacroiliac Joint Injections DONALD L RENFREW Definition Literature Review Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

CHAPTER 5 Facet Joint Procedures DONALD L.RENFREW Definition Literature Review Background Information Rhizotomy Synovial Cyst Injections Pars Interarticularis Injections Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient and Procedure Selection Procedure Description

CHAPTER 6 Discography DONALD L.RENFREW Definition Literature Review Research Methodology Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

CHAPTER 7 Percutaneous Needle Biopsy DONALD L RENFREW Definition Literature Review Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

CHAPTER 8 Vertebroplasty and Kyphoplasty DONALD L.RENFR~, MARK BECKNER, AND KENT B.REMLEY Definition Literature Review Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

CHAPTER 9 Intradiscal Electrothermal Annuloplasty(IDET) DONALD L RENFREW AND MARK BECKNER Definition Literature Review Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

CHAPTER 10 Myelography DONALD L.RENFREW Definition Literature Review Rationale for Procedure Equipment and Supplies Informed Consent Issues Patient Selection Procedure Description

Appendix 1 Appendix 2 Index
