## 内容概要

Crash Course House Officer's Guide contains the practical information that house officers refer to on a daily basis. It's written from a first-hand perspective and contains what you really need to know during this time. It's short enough to be practical and really is light enough to be carried in a white coat pocket every day. \* An outline format helps readers find information quickly. \* Hints and Tips" boxes offer advice on how to remember key content. \* Features page tabs for quick navigation. \* A wealth of 2-color illustrations bring the material to life. \* Authored by house officers who have inside knowledge of exactly what information is needed on a day-to-day basis.
