<<LEARN MORE ABOUT FAM>>

内容概要

Half a million family trusts have already been set up in Australia-and the number is growing. Increasingly share and property investors and owners of small businesses are seeking to capitalise on the significant tax benefits and other advantages family trusts can offer. In this fully revised second edition of Learn More About Family Trusts Nick Renton analyses all aspects of family trusts and other legal structures in his trademark plain english writing style he discusses: ownership of assets by individuals partnerships trusts and companies. the factors that will influence structure selection. holding assets in a superannuation fund and the costs of do-it-yourself super. planning for retirement including writing a will and granting power of attorney.
