<<唱诗班男孩>>

内容概要

They are the Choirboys - the patrol squad of the LA Police attempting to stay sane in an insane world. The five sets of partners on the night-watch are men of varying temperaments and backgrounds, but they are joined together by the job and they have elected to spend their pre-dawn hours in MacArthur Park in relaxing drink and sex sessions they call 'choir practice'. This is the story of men endangered ultimately not by the violence of their jobs but by their choice of off-duty entertainment. This is a boisterous and freewheeling novel, as chillingly authentic as only a veteran police officer could make it.
