<<Animal Babies on the>>

内容概要

Synopsis

This fabulous series introduces children by habitat to a variety of adorable animal babies. Each baby is introduced on one spread and on the next we find out who is its mother or father. In this way, children learn to identify animal babies and their parents. This simple, questioning approach helps young children engage with growth, change and families. Animal Babies on the Farm shows seven young mammals - pigs, ducks, cows, horses, chickens, goats and geese. From the placid presence of a cud-chewing cow to the scratching and pecking of a mother hen, the charming images and lively text will engage and delight young children.
