# <<水彩画 Building Brilli>>

#### 内容概要

Judy's breakthrough method, while proven highly effective, is based simply on using the right materials in the right manner. She's taught it with great success in her five-day workshop. Inspired by her students' enthusiasm, this book demonstrates her techniques. The book concludes with a step-by-step demonstration illustrating the planning, colors, techniques and value statements Judy uses to create strong and brilliant watercolor paintings. While Building Brilliant Watercolors will benefit any watercolor artist who wants to make the most of their medium's jewel-like colors, it is a true treasure for those who also want to paint in a realistic style.
