<<Million Menus菜谱大全>>

内容概要

This amazing new collection will revolutionise your cooking! With three recipes on each page in an easy-to-use flip format a Million Menus removes the hassle of using dozens of cookbooks. Each page divides into three sections making it easy to plan and prepare a complete meal. Whether you're planning family suppers before a weekly trip to the supermarket or trying to work out what to cook for a special dinner party with all the trimmings, a Million Menus is sure to make the task easier and fun. Each page has appetizers at the top, main courses in the middle, and desserts at the bottom and with fantastic colour pictures for each recipe this will become the only cookbook you need!
