<<Coraline 10th Annive>>

内容概要

There is something strange about Coraline's new home. It's not the mist, or the cat that always seems to be watching her, nor the signs of danger that Miss Spink and Miss Forcible, her new neighbours, read in the tea leaves. It's the other house - the one behind the old door in the drawing room. Another mother and father with black-button eyes and papery skin are waiting for Coraline to join them there. And they want her to stay with them. For ever. She knows that if she ventures through that door, she may never come back.

Tenth anniversary edition of Neil Gaiman's modern classic, brilliantly illustrated by Chris Riddell, with a new foreword by the author.
