## <<TIME For Kids The Am>>

### 内容概要

Word puzzles, brain teasers, optical and picture puzzles, mazes, anagrams and math and logic puzzles will challenge children to use all of their thinking and learning skills while discovering fascinating information. One hundred puzzles will be themed and accompanied by more than 200 informative photographs and text. The puzzle themes are ones that young people have told us are cool and interesting, from animals, nature and the environment to sports, pop culture's TV, movies, music and books. Visual puzzles will keep kids deciphering illustrations and photo images for hours, while the pencil puzzles will have them doodling as they increase their vocabulary and improve their language skills.
