作者简介

At Hooked on Phonics, operated by Smarterville Productions LLC, we believe that every child loves to learn, so we focus on nurturing that thirst for knowledge with products that are fun, effective, and easy to use. We respond to the natural curiosity of a child and support families and teachers as they help children improve reading, math, and study skills. We celebrate every success so learning becomes a positive cycle that kids will love to repeat again and again. We meet all children at their level, engage their imaginations, and help them climb to the next level step by step.

Every achievement ends in a celebration of success, an elevation of confidence, and an increase in self-esteem. As children master reading and math skills, they also lay the foundation for a lifetime of learning. Our goal is to make a difference in the lives of children by making learning fun and easy. That is why we have brought together a dedicated team of parents, leading educators, interactive designers, writers, and artists. By collaboration, research, and testing, we continually develop innovative products and systems that teach children not only to learn but also to love learning.
