

<<Introduction to Infi>>

图书基本信息

书名：<<Introduction to Infinite Dimensional Stochastic Analysis (精装)>>

13位ISBN编号：9787030078186

10位ISBN编号：7030078187

出版时间：2000-07-01

出版时间：科学出版社

作者：Zhi-yuan Huang等编

<<Introduction to Infi>>

内容概要

This book offers a concise introduction to the rapidly expanding field of infinite dimensional stochastic analysis. It treats Malliavin calculus and white noise analysis in a single book, presenting the

<<Introduction to Infi>>

书籍目录

Preface

Chapter I Foundations of Infinite Dimensional Analysis

1 Linear operators on Hilbert spaces

11 Basic notions, notations and lemmas

12 Closable, symmetric and self-adjoint oper
