<<英美概况>>

前言

随着高职教育在我国的大力普及和推广, 高职英语教学也越来越受到重视, 高职英语教育的改革力度日益加大, 并取得了很大成绩, 特别是优秀的高职英语教材层出不穷。

但我们在近几年的高职英语教学实践中发现, 所选教材《英美概况》大多突出内容的系统性和完整性, 往往会出现学时不够、教学难度大等问题。

因此。

我们结合当前高职英语的实际教学需要编写了这本教材。

本教材的特点是: 体现“实用为主, 够用为度”的高职英语教学理念, 适合高职高专英语专业(商务英语、旅游英语、应用英语)学生和具有同等英语水平的英语学习者使用。

力图符合高职高专学生的实际情况, 内容选择最基本的、最实用的英美国家文化背景知识。

以比较的视角进行编写, 使学生可以在学习过程中有比较地掌握知识。

英文表达浅显易懂, 便于阅读。

试图体现学生自主学习的教学思想, 每章课后有注释, 方便学生自学。

每课课后都附有解释题、讨论题和填空题, 有助于学生对知识的掌握。

本教材共有10个单元, 每单元可用6个学时完成, 也可以根据具体教学情况自行安排。

本教材由齐智英担任主编, 王冕、罗芳担任副主编, 教材的第1、2单元由齐智英编写; 第3、4单元由李舒瑜编写; 第5单元由陈慧丽编写; 第6、9单元由王冕编写; 第7、8单元由罗芳编写; 第10单元由姚红编写。

在编写过程中, 我们曾得到高保杰先生、英国专家Steven Luscombe先生的热情帮助。

他们为编写工作提出了许多宝贵的建议, 并不辞辛苦通审了全书。

由于编写时间和水平有限, 本书错误或疏漏之处在所难免, 不妥之处, 敬祈指导。

章节摘录

There are many other religious denominations in Britain besides the Church of England and the Nonconformist Churches. There are about 450,000 Jews in Europe. More than half of them live in London. Jews still tend to marry Jews, for both racial and religious reasons. But among the young generation this is happening less and less. The leader of the Roman Catholic Church in Britain is the Cardinal Archbishop of Westminster. The United Kingdom is divided into eight Catholic provinces, four in England, two in Scotland, and one each in Wales and Northern Ireland. Each province is controlled by an archbishop and is divided into dioceses, each of which is headed by a bishop. The Churches in Scotland are almost in every respect similar to the Low Church section of the Anglican Church. They have a similar kind of service and share the same apostolic succession (the passing on through bishops and priests of the powers and mission that was handed by Christ to his apostles). The Churches in Wales are Calvinist or Presbyterian. This type of church is of purely Welsh origin, drawing its members from a large section of the Welsh-speaking population. It is not an established church, but it is a member of the British Council of Churches. The Calvinist Church is the Sunday school; adults as well as children go to the church to study the Bible. In England and Scotland only children attend such schools. There are five main features of the British worship: unity among the churches, social responsibility, the keeping-up with the time, no "Christian" political party and a widespread interest in religion. Religion is playing an increasingly less important role in the social life of Britain. It is of much significance in literature and art, in social life and in Western civilization.
