## <<信息科技提升外语教学>>

### 内容概要

《信息科技提升外语教学：策略与路径》分析现代信息科技有效提升语言教学的方式和学生学习成效。

探索最大限度用现代信息科技辅助和提升语言教学的条件与路径，有助于学校和教师更有效地发挥现代信息科技的功能与作用。

This book is designed to achieve a better understanding of the capacity of ICT and the contributions that ICT can best make to English learning and teaching within and across an EFL curriculum , to encourage change in teachers and school leadership through reflecting on their practice and learning to teach with ICT , involving both theoretical debates and practical demonstrations.

## 作者简介

Dr.Zhao Hongqin obtained her Bachelors Degree in English Language and Literature from the South-West Teachers University ( now South-West University ) . She Taught English as a Foreign/Second Language ( EFL/ESL ) for 10 years in cross sectors. With that experience , she took up a Masters study in Educational Technology at the University of Bath , UK , and then continued with her Doctorial study in Teachers knowledge with a life-history narrative methodology. She was awarded her Ph.D. degree from the Department of Education , the University of Bath in 2007. Her areas of research interest include the culture of education , teachers work and professional development , ICT-assisted language teaching and learning , experience in life-long learning , as well as qualitative research methodologies ( e.g. life-history narrative and auto-ethnography ) .
