章节摘录

so to yourself. Retell the story to yourself , using the notes above as a clue. Pay attention to the following points : Dont just murmur ; speak out loud instead. Suppose you are telling the story to a friend , so use body language to make you better understood , Dont read the notes , but talk over them , just like you are delivering a speech based on an outline. [A Model] This is a story about a mime. He is out of work so he goes to the zoo and wants to earn some money as a street performer. Then a zookeeper comes to him , He would like to offer him a job to dress up as a gorilla. Of course the mime is very glad. The next morning the mime puts on the gorilla suit and enters the cage. He is very successful because he has drawn a big crowd. He sleeps , plays and makes fun of people. But as time passes by , the crowds get tired of him , and they are more interesting in the lion in the cage nearby. The mime doesnt want to lose his audience , so he climbs to the top of his cage , crawls across a partition , and dangles from the top to the lions cage. He keeps taunting the lion. Of course the lion gets very angry. The crowds grow larger , and his salary keeps going up. Then one day , a terrible thing happens. When the mime is dangling over the lion he slips and falls. The lion gathers itself and prepares to pounce. He is so scared that he begins to run round and round the cage. He starts screaming and yelling , "Help me , help me !

" Finally , the lion gets him. The lion can also speak. He says , "Shut up you idiot !

Do you want to get us both fired ?

" You know what ?

The lion is also dressed up by a human !
