<<宜兴陶瓷效应>>

内容概要

Many artists—and lovers of the arts—believe that artistic perfection can be found in any time period and within any culture . American ceramic artists are particularly adventurous , continually exploring the vast heritage of ceramic art . With this insightful and beautiful book, *The Yixing Effect: Echoes of the Chinese* Scholar, Marvin Sweet reveals how the Yixing teapot has captured the imagination of contemporary ceramic artists and why it has become a compelling source of inspiration .

<<宜兴陶瓷效应>>

作者简介

Marvin Sweet received his Master of Fine Arts degree from Boston University . Since that time his own ceramic work has been exhibited and collected publicly and privately both in the United States and abroad . He is a recipient of the Artists Foundation Fellow
