内容概要

It is easy to have a quick look at China's past and present, but it takes time to gain a panoramic knowledge of China. The "Panoramic China" series is meant to assist readers, especially those overseas, in this respect. Each volume in the series focuses on a province, municipality or autonomous region, describing, with illustrations, the outstanding characteristics of each area from different perspectives. Through this series, the reader will acquire knowledge of the real and vivid daily life of the local people, the colorful society and the developing economy, assisted by relevant information.
