内容概要

Across the vast land of north-ern China the Great Wall coils like a guardian dragon. Rated as one of the wonders of the world, the Great Wall, majestic and imposing,embodies the spirit of the Chinese nation and is the eternal pride of Chinese civilization. The Great Wall in Hebei Province, marching for some 2,000 km over undulating terrain,can be regarded as the "epitome of Great Wall culture," as it is the longest stretch of the Wall contained in any one province,autonomous region or municipality in China. It is also the best preserved part of the Wall, and includes all the architectural styles used in building this massive edifice. This book, with the panorama of the Great Wall as the background, focuses on the passes, fortresses, pass towns and border towns of strategic importance in Hebei, helping readers appreciate the majestic beauty and profound cultural connotations of the Great Wall.A Comprehensive Survey of the Great Wall.
