章节摘录

2. Foster a culture of harmony and cultivate civilized practices. A culture of harmony provides important intellectual support for the unity and progress of all our people. We must step up the development of the press , publishing , radio , film , television , literature and art , give correct guidance to the public and foster healthy social trends. We must balance cultural development between urban and rural areas and among different regions , focusing on enriching the cultural life in rural and remote areas and of rural migrant workers in cities. We will strengthen efforts to develop and manage Internet culture and foster a good cyber environment. We will promote patriotism , collectivism and socialist ideology. With the emphasis on enhancing people's awareness of integrity , we will promote social ethics , professional codes of conduct , family virtues and individual morality , let paragons of virtue serve as role models for society , and guide people in conscientiously carrying out legal obligations and social and family responsibilities. We will strengthen and improve our ideological and political work , paying attention to compassionate care and psychological counseling and correctly handling interpersonal relations. We will mobilize all sectors of society in doing a good job of ideological and moral education among young people and create a favorable environment for their healthy development. We will carry out intensive activities to promote cultural and ethical progress among the public , improve the system of voluntary public services , and encourage practices such as upholding gender equality , respecting the elderly , caring for the young , showing concern for and helping each other and coming to the rescue of others even at risk to one-self. We will promote the scientific spirit and spread scientific knowledge. We will launch extensive public fitness programs and ensure the success of the 2008 Olympic Games and the Paralympics in Beijing and the 2010 World Exposition in Shanghai.
