章节摘录

"You see she is yet young; you observe she possesses the ordinary form of childhood; God has graciously given her the shape that He has given to all of us; no signal deformity points her out as a marked character. Who would think that the Evil One had already found a servant and agent in her ?

Yet such, I grieve to say, is the case." "My dear children," pursued the black marble clergyman, with pathos, "this is a sad, a melancholy occasion; for it becomes my duty to warn you, that this girl, who might be one of God's own lambs, is a little castaway: not a member of the true flock, but evidently an interloper and an alien. You must be on your guard against her; you must shun her example; if necessary, avoid her company, exclude her from your sports, and shut her out from your converse. Teachers, you must watch her: keep your eyes on her movements, weigh well her words, scrutinise her actions, punish her body to save her soul: if, indeed, such salvation be possible, for (my tongue falters while I tell it) this girl, this child, the native of a Christian land, worse than many a little heathen who says its prayers to Brahma and kneels before Juggernaut —— this girl is —— a liar !

" Now came a pause of ten minutes, during which I, by this time in perfect possession of my wits, observed all the female Brocklehursts produce their pocket-handkerchiefs and apply them to their optics, while the elderly lady swayed herself to and fro, and the two younger ones whispered, "How shocking !

" "Let her stand half an hour longer on that stool, and let no one speak to her during the remainder of the day."
