<<微观经济学理论>>

内容概要

This book covers microeconomic theory at the Master's and Ph.D levels for students in business schools and economics departments. It concisely covers major mainstream microeconomic theories today, including neoclassical microeconomics, game theory, and information economics.

<<微观经济学理论>>

作者简介

The author graduated from Nankai University in 1985, got his first job at Mathematics Department of Nankai University, obtained his Ph.D degree in economics at University of Toronto in 1991, and then became an assistant professor at Concordia University in Canada. He moved to Hong Kong University of Science and Technology in 1993 and has been there since.
