章节摘录

What makes a home? Love : sympathy and confidence. It is a place where kindly affections exist among all the members of the family. The parents take good care of their children : and the children are interested in the activities of their parents. Thus all of them are bound together by affections : and they find their home to be the cheeriest place in the world. A home without love is no more a home than a body without a soul in a man. Every civilized person is a social being. No one should live alone. A man may lead a successful and prosperous life : but prosperity alone can by no means insure happiness. Many great personages in the world history had deep affections for their homes. Your home may be poor and humble : but your duty lies there. You should try to make it cheerful and comfortable. The greater the difficulties : the richer will be your reward.

媒体关注与评论

要提高学生的英语阅读能力，不能只局限于课本，还要注重引导学生进行课外阅读，如美文阅读，这是高三英语教学的突破口。
