章节摘录

兔子和狮子 One day , it was sunny and the Hare went inside the cool hole of a tree for a sleep. Suddenly he woke up. There was a boom (隆隆声) , boom , boom in his ears. And it was getting closer. The Hare looked out from the tree. A big animal (动物) came near to him. "Oh , it's you , Rhinoceros (犀牛) !" Said the Hare angrily. "How can one , sleep with all your loud noise?" The Rhinoceros looked at the Hare closely. "Good afternoon!" he said loudly and slowly. "The Elephant told me to take you to the Big Water-hole (水坑) . He's going to tell us who our new king will be. All the animals must go there. " "I do not need a new king , " cried the Hare. "A new king will bully (欺侮) us from morning till night and make our lives unhappy. " "But we want a new king , " said the Rhinoceros. "Don't you want to see who will be our new king?" "I know already , " said the Hare. "It will be that sly (狡猾的) old Lion. He has promised (承诺) not to eat the other animals' children if they let him be the king. " The Rhinoceros didn't seem to believe the Hare , and the Hare said , "Oh , very well , I'll come. But you'll see I'm right. " It was late in the afternoon. The sun was setting when the Hare and the Rhinoceros got to the Big Water-hole. All the animals had come - monkeys , deer , horses , birds , snakes , foxes , mice , bears , sheep , cats and wolves. When the Elephant saw that everyone was there , he threw up his long nose and said , "Animals of the grass-land , I am proud to tell you that the Lion will be our new king. It is a wise choice , my friends. " The animals cheered (欢呼) . But only the Hare thought , "They'll soon see that they have made a horrible mistake (犯大错) . " The Lion stood on a rocky hill above the Water-hole. He looked down at all his subjects (臣民) and shouted , " You've made me your king , and so now you'll do everything that I tell you to do. " And then he gave orders to the other animals. "My first order is that you must build a palace (盖宫殿) for your king to live in , " said the Lion. "I want a palace here beside the Big Water-hole and I want it ready by tomorrow evening. " "My second order is that every day you must bring me an animal for my supper. A king can't do his own hunting. " The animals nodded unhappily. "And my third order is that , if you don't do as I say , I'll eat up (吃光) all of you ! "
