<<研究生英语综合能力提升课程>>

内容概要

This text is also perhaps unique in that it is written for both students and teachers working together. The author has intentionally chosen not to produce a separate "Teacher's Edition," but to encourage students and teachers to work more closely, as one, to achieve their goals. Success, the author believes, comes best from a unified effort.

作者简介

Known as a visionary change artist who builds teams and develops superior departments and programs worldwide, Robert has expertise in both the corporate and educational worlds of recruiting, teaching, training, counseling and developing effective leaders. He has extensive travel and cross-cultural knowledge supporting his outstanding presentation skills, having lead workshops and seminars worldwide. He has also served in positions of leadership for several professional associations.
