Section One Lead-in
Section Two Watching , Listening & Speaking
Section Three Cultural Assimilation
Section Four Further Watching , Listening & Speaking
Section Five Making an Oral Presentation

章节摘录

Frank : Hey , hey.. , you okay? Brenda : He told me to pick up the blood , so I did , but he never told me to label it. Frank : Hey , it's okay. Stop crying. What's your name? Brenda : Brenda.

Frank : Brenda. Brenda , I wouldn't worry about it. You know , these doctors , you know , they don't know everything. Brenda : It's my first week. And I think they're going to fire me. Frank : No , no , nobody's going to fire you , Brenda. Brenda : No , I'm not. Frank : Yeah , I bet if I asked you to check on the status of my friend Lance Applebaum , you could do that for me in a second. Brenda : Mr. Applebaum fractured his ankle. Dr. Ashland is treating him in exam room seven. Frank : You see that? No problem. Brenda : This is the emergency chart. See that blue star there? That means that the patient has been diagnosed. And then , after he's been treated , we put a red circle here , see? Frank : How do you like these braces? Brenda : I guess they're all right. Frank : I got mine off last year. Boy , I hated them. They were bottoms. You know , I still got to wear my mouth guard.
