<<科学暑假新天地>>

内容概要

同学们期盼已久的暑假又来临了，然而为了遵循“循环记忆”的学习规律，大家还应在漫长的假期里，抽些时间巩固前期所学的知识。

因此，我们出版了《快乐暑假50天》丛书，在这套书中，我们以“寓教于乐”为原则，以“注重精炼、提高趣味、培养能力”为特点安排内容，特别适合大家在暑假里使用。

章节摘录

People in the United States honor their parents with two special days: Mothers Day on the second Sunday in May, and Fathers Day, on the third Sunday in June. These two days are set aside to show love and respect for parents. They raise their children and educate them to be responsible citizens. They give love and care. These two days offer an opportunity to think about the changing roles of mothers and fathers. More mothers now work outside the home. More fathers must help with child-care. These two special days are celebrated in many different ways. On Mothers day people wear carnations. A red one symbolizes a living mother. A white one shows that the mother is dead. Many people attend religious services to honor parents. It is also a day when people whose parents are dead visit the cemetery. On these days families get together at home, as well as in restaurants. They often have outdoor bar-becues for Fathers day. These are days of fun and good feelings and memories.
