Preface List of Publications of Prof. ZHU Baozhen Selected Works of Prof. ZHU Baozhen CHU Pao-Chen  
 1957: The steady perturbations of the westerlies forced by large-scale heat sources, sinks and the earth's  
 orography (I): The distribution of heat sources and sinks in the lower troposphere over the Northern  
 Hemisphere. Acta Meteor. Sinica, 28: 122-140 CHU Pao-Chen 1957: The steady perturbations of the westerlies  
 forced by large-scale heat sources, sinks and the earth's orography (II): Lin theory of the dynamic effects of heat  
 sources and orography on the westerlies. Acta Meteor. Sinica, 29: 198-224 CHU Pao-Chen, WANG Jsung-Hau and  
 CHAO Ming-Tze 1961: A numerical model for long-range forecast with the consideration of mutual adjust-ment  
 of radiation and motion. Collected Papers on Dynamic Meteorology. Science press, Beijing, 96-106 ZHU  
 Baozhen, LUO Meixia and HUANG Ronghui 1982: Dynamic instability of large-scale sea surface  
 temperature (SST) disturbance and the formation of sea surface temperture anomaly (SSTA). Scientia Sinica (Series  
 B), 25: 68-78 ZHU Baozhen, CHEN Jiabin, ZHANG Daomin et al. 1984: An operational 5-layer primitive  
 equation model for Northern Hemisphere predic-tion. Adv. Atmos. Sci., 1: 214-223 ZHU Baozhen, DING Yihui and  
 LUO Huibang 1990: A review of the atmospheric general circulation and monsoon in East  
 Asia. Acta Meteor. Sinica, 4: 399-416 ZHU Baozhen, JIN Feifei and LIU Zhengyu 1991: An Introduction to the  
 Nolinear Dynamics of the Atmosphere and Ocean. China Ocean Press, Beijing, 328PP (in Chinese) ...
