章节摘录

The story shows that there are some differences in culture between Britain and America, though the British and Americans both speak English. The British usually hide their feelings. They seldom start a "conversation with strangers. For example, on the train the British often spend their time reading news- papers or books. But Americans are quite different. They're more active and easier to talk with. The British and Americans may use different terms for many things. The British usually use football, eraser and mail while Americans like to use soccer, rubber and post.
