<<一个欧洲外交官镜头中的中国>>

内容概要

《一个欧洲外交官镜头中的中国（英文版）》由克罗地亚外交官何沃德编著。

In

this photo book I try to present my view on China , sometimes from a different angle then most of the people with photo camera in their hands will do. Living in Beijing for six years changed my perspective on how I see things around me.I can say that I ' m not tourist anymore.So this is the reason that some of my photos are not just remembrances on an interesting thing I just saw.But , at the same time on the other photos you can see that I ' m just a guy with camera impressed with things that I just saw in front of me.
