<<中国人民解放军空军>>

内容概要

For many years , the PLA has been largely a subject of speculation and guesswork . That ' S all about to change because of the publishing of The Series of Chinese Army.

What

equipment does the PLA use? HOW does the PLA train? HOW will the PLA fight? 《中国人民解放军空军》 Written by Chinese authoritative Lu Xiaoping military experts , the series will unveil the long shrouded secrecy.

<<中国人民解放军空军>>
