<<护理英语会话>>

内容概要

本书汇集了护理工作中常用的各种情景中护士与病人的对话，根据具体情景的不同分为预约、挂号、接诊、打针和静脉注射、急诊、住院、手术护理、院内护理、出院、化验及药房等12个部分。最后的附录给出了常用的医用英语单词、常用短语、医务人员的常用句型和病人看病常用句型等，以便读者举一反三，将各部分中所学的对话推广应用到其他相似的情景中。为保证读者学到的是地地道道的英语，特请美国加州大学旧金山分校的医学专家Lawrence M. Tierney Jr., MD先生作为本书的主审。本书是专门为临床护士和护士生量身设计的实用手册。

<<护理英语会话>>

章节摘录

N : What seems to be the problem ?

P : I ' m running a high fever and feeling terribly bad. N : When did the conditions start ?

P : Last night. N : Well , have you ever been here before ?

P : As a matter of fact , I have just moved to this city. N : OK. In that case , you have to fill in this registration card. Your age , gender , address and things like that. P : No problem. Which department should I register with , Miss ?

N : You ' d better go to the medical department. P : Here is my registration card. N : Thank you. The registration fee is five yuan. P : OK. Can you tell me how to get to the medical department , please ?

N : Take the elevator to the third floor and then make a left turn. Go along the corridor until you see the sign on your right. P : Thanks a lot. N : You ' re welcome.
