<<电气工程专业英语>>

内容概要

《全国电力职业教育规划教材：电气工程专业英语》共分为12个单元，内容多选自原版英文书籍，涉及面广、难度适中。

主要内容包括电力系统概述、交流电路、电子、电机、电气测量、电气设备、电力传输、直流输电、继电保护、可编程控制器、电气安全和新能源；每篇课文后附有难点注解、练习及课堂活动建议，增强学习的针对性和趣味性；并有阅读材料供教师和学生选择使用。

《全国电力职业教育规划教材：电气工程专业英语》可作为高职高专电气工程专业英语课程的教学用书，也可作为相关专业工程技术人员的参考书。

书籍目录

Unit1 Outline of Power SystemPart A The History and Principle of ElectricityPart B Electricity-Generation and TransportReading Material Brief Introduction on Power Industry in ChinaUnit 2 Alternating Current Principles Part A Three-Phase SystemPart B Two-wattmeter Measurement of Three-phase Power Reading Material Power Factor Unit 3 ElectronicsPart A Diode and TransistorPart B Basic Logic GatesReading Material Small Signal AmplifiersUnit 4 Electrical MachinePart A AC MotorsPart B Basic Operation of a TransformerReading Material The Transformer Manufacturing Industry in ChinaUnit 5 Electrical MeasurementsPart A Permanent-Magnet Moving-Coil MetersPart B How to Use a MultimeterReading Material OscilloscopeUnit 6 Electrical EquipmentPart A The Equipment in Power Plants and SubstationsPart B Primary Electrical ConnectionsReading Material Vacuum Circuit BreakersUnit 7 Power TransmissionPart A Transmission of Electrical EnergyPart B Power Exchange between Power CentersReading Material LV Distribution SystemUnit 8 Direct-Current TransmissionPart A Features of DC TransmissionPart B Basic DC Transmission SystemReading Material Typical Installations of DC Transmission SystemUnit 9 Relay ProtectionPart A Power System ProtectionPart B The Protection of TransformersReading Material The Types of Shunt Fault Which May Occur on a Three Phase SystemUnit 10 Programmable Logic Controllers (PLC)Part A Introduction of PLCs Part B Advantages of PLCs over Relay CabinetsReading Material PLC' s Robot ControlUnit 11 Electrical Safety TechniquesPart A First Aid For Electric ShockPart B Equipment GroundingReading Material Electrical Safety TipsUnit 12 New EnergyPart A The Introduction of a Wind FarmPart B Nuclear Generating StationsReading Material Dongfang Turbine CO. Ltd. (DTC)
