## 内容概要

《牛津英语教学参考：高中3年级第2学期（S3B）（上海版）》主要内容为The course aims to enable students to develop a functional competence in English that will be of practical value to them at school, for their subsequent careers and in their personal lives. A major feature of this course is that it does not just set language tasks for practice, but it teaches the skills necessary to deal with the tasks. The course pays special attention to developing language skills and subskills, to teaching exam techniques and to providing practice in exam-style exercises and tasks.

章节摘录

Sexist language is language which ignores women , or implies that women should have certain qualities or should do ( or not do ) certain jobs. Stone Age man lived in caves. We must elect a chairman for the meeting. If a student has a problem , he can ask the teacher. in the past , writers often used the word man to refer to all people , including women. They sometimes used he or h/s to include she and her. However , some people now feel that these and other uses are insulting to women. Some ways of avoiding sexist language include using humans , person , people , he or she , and plural forms such as they. Stone Age people lived in caves. We must elect a chairperson for the meeting. If a student has a problem , he or she can ask the teacher.
