章节摘录

Hello , my name is John Williams. I am an English teacher and I have started a website to help you improve English listening and speaking skills as quickly as possible. My on-line English lessons take just five to ten minutes each day to complete and there are no advertisements to take your attention away. You can also download the sound files to your computer and access them and take your lessons again any time. I've designed the online English course to be a very easy , cheap and quick way to improve your English speaking , listening and conversation skills and also to improve your listening scores in English exams. Every day you'll learn some new English vocabulary , idioms and phrasal verbs. And you'll also learn correct English pronunciation.
