后记

章节摘录

Although the popes of this period were no less devout and no less concerned about the spiritual welfare of Christian society than their predecessors had been, the demands made upon them were very different from those of an earlier period. As the social and political structures of European society had changed, so too had the concept of the Church and the expectations people had of its leaders. Many of those who complained the loudest about the "new Pharisees" of Rome also flooded the Roman curia with legal appeals, petitioned it for office and placement, and became its official theologians, lawyers, tax collectors, and administrators. The last major phase of the conflict between empire and papacy, then, saw a different kind of papal office on one side of the polarity. The imperial office also changed during the later part of the struggle. The emperors of the Romans were also the kings of Germany, and the Investiture Conflict had revealed that the two offices were not as separate in fact as they might be in theory. The needs of the kingdom of Germany colored both the functions of the imperial office in the later twelfth and thirteenth centuries and the policy of the kings of Germany, emperors of the Romans. Although much of the earlier prestige and memory of the emperors from Charlemagne to Henry V survived in imperial policy and propaganda, the actual facts of imperial rule changed nearly as much as the actual problems of papal governance.

后记

东西方之间在文化和礼仪上迥然有别，各国人民在进行文化和礼尚交往时的习惯也各有千秋。

随着中国走向国际化，中西方之间的交流、交际会越来越普遍。

因此，了解东西方文化的差别和礼尚交往之间的习惯差异是很有必要的。

从大处来说，当今全球一体化趋势日益明显，人类历史也就在愈来愈大的程度上成为全世界的历史；任何一种文化的发展都离不开对其他优秀文化的汲取，都以其他文化的发展为前提；地球上所有的人类文化，都是我们共同的宝贵遗产，我们也要从西方文化中汲取养分。

从小处来讲，了解西方人的文化和礼仪，是对对方的尊重，容易给对方留下一个美好印象，以便交往顺利进行。

唐德根教授主持的湖南省精品课程跨文化交际学系列教材之一《西方文化与礼仪》是外语专业的必修课程，是培养学生具备基本的西方文化知识、较广阔的文化视野和良好的国际礼仪修养的课程。

本教程理论性与实践性并重，人文性和时代性共存。

本教程在湘潭大学、湖南科技大学和湖南科技学院等高等院校试用多年，效果很好。

在充分吸收广大师生的意见后，主编对本书的体例和内容进行了完善。

当然，本书还有继续完善之处，恳请各位专家、同仁赐教！
