<<高中英语小品与课本剧>>

内容概要

《高中英语小品与课本剧（高2年级）》提供适用于高中学生的英语小品、课本剧32种，按难易程度分上下2册。

建议一个学期选用6则左右。

每一册的小品、课本剧由3个品种组成：欧美古典小说改编，中国古典故事改编，现代生活片段。

《高中英语小品与课本剧（高2年级）》小品及课本剧不一定是现行教材的注释或改写。

但是在话题（topic）范围上，在语言材料水平上则依据“课程标准”，并以此来保证《高中英语小品与课本剧（高2年级）》“不超纲”的原则。

“小品”是个模糊的称呼。

相声、电话热线、活报剧都归属于此。

课本剧实质上是独幕剧。

但无论小品还是课本剧，基本上都有戏剧元素：人物（character），背景（setting），情节（plot）以及高潮（highlight）。

在道具及服装上允许因地制宜，表演者可以根据现成条件自行定夺。

每则小品（课本剧）耗时长度最长不会超过15分钟。

剧中台词甚至允许小部分的即兴增添（improviser）。

章节摘录

OA : You don ' t seem to have ' learned your lesson !

LP : No , I didn ' t.

I was single by then , and didn ' t care much about my future.

When I was set free , I did try to make a change.

I became a fruit dealer , and started to make some money.

Then , I saved enough money , and got married.

Soon , Lulu was born.

She is so lovely , and beautiful like an angel.

I decided that she should live a much better life , like a princess.

I wanted to make a lot more money.

The fruit business wasn ' t able to meet my needs.

A small fruit dealer will never get rich.

I started to envy the guys who made a lot of money from stealing cars.

Unfortunately , I could not resist the temptation , and I joined them.

I ' m clever with my hands.

OA : I ' m sorry you aren ' t as clever with your mind as you are with your hands.

LP : I succeeded again and again , but on my seventh try , I was caught.

For my crimes.

I got a twelve-year sentence.

OA : How old was Lulu when you were put into prison ?

LP : One and a half.

When she was that young , you know , it was easy not to tell her the truth.

But now I have to make up a story.

OA : A lie.

LP : A white lie , officer.

If I pretended to be doing business away from home , it wouldn ' t work.

So , I told Lulu that I have been studying hard at a certain university.

OA : Your white lie has been going on for a long time !

LP : Yes.

A lot of universities run five-year courses.

But each time is more difficult than the time before.

Officer , may I ask a favor of you ?

OA : A favor ?

LP : No one but you could grant me this favor , officer.

OA : Speak out !

LP : Lulu is very bright.

She does well at school.

She wants to become a top student , and then she would choose teacher or police officer as her career when she grows up.

I wish I could help her.

At the very beginning , I could manage to supply her with extra exercises , arithmetic or Chinese.

But , now , she ' s learning English.

It ' s beyond me !

You ' ve graduated from university.

Could you please supply her with extra exercises ?

OA : What do you want me to do ?

LP : Help Lulu with her math and English.

OA : Okay , but I could only do this on a short term basis.

You must be responsible for her education.

You are not old.

Even if one is old , one is never too old to learn.

LP : Can I pick uplo where I left off , officer ?

OA : That ' s what I mean.

We-have evening school , ofcourse , the equivalcnt of current high school courses.

You may enter the evening school.
